LinkedIn:// kanhaiyaverma/
Portfolio:// kanhaiya5.netlify.app/

EDUCATION

LOVELY PROFESSIONAL UNIVERSITY	2019-2022
Bachelors of technology in Computer Science	7.58/10

TECHNICAL (IT) SKILLS

- **Programming:** JavaScript, Java, MySQL, ReactJS, NodeJS, Bootstrap, HTML5, CSS3, Tailwind, Styled-components
- **Cloud Functionality:** Aws S3
- **More Tools and Technologies**: Postman API, AWS, WordPress, Webflow

PROFESSIONAL EXPERIENCE

IVAR KEFI VENTURES PVT LTD (VERTOCITY) — Hyderabad, IN
Software Engineer — Nov 2021-Nov 2022

- HTML, CSS, JavaScript, SQL, On- page SEO, AWS S3, WordPress, Webflow, React JS, Chart.js, Excel, Word, PowerPoint
- Developed and implemented A/B testing strategy for website copy, resulting in a 25% increase in click-through rates on the" Sign Up" button.
- Analyzed user needs and discovered optimal technical solutions, resulting in 30% increase in website speed and performance metrics.
- Created reusable frontend components and libraries, resulting in a 35% reduction in development time for future projects.
- Redesigned website homepage using responsive design principles resulting in a 30% increase in mobile traffic and a 15% decrease in bounce rate.

GAIL (INDIA) LTD. — Auraiya (U.P.), IN
Project Intern — Jun 2018- Jul 2018

- Conducted rigorous technical reviews, increasing efficiency by 20% across all projects.
- Analyzed equipment and system performance, using research skills to quantify feasibility.
- Devised and documented innovative engineering processes, achieving a 20% boost in project efficiency.

ACADEMIC PROJECTS

- **Projects Repo:** Created an elegant and captivating website using cutting-edge technologies (React.js, tailwind, JSX), showcasing a comprehensive collection of software engineering projects. Its polished interface and dynamic features exude professionalism and allure. {https://project-repo-sigma.vercel.app/}
- **React Kanban with react-beautiful-dnd:** Developed a powerful and intuitive project management tool, React Kanban, leveraging react-beautiful-dnd for seamless task organization; increased team productivity by streamlining workflow. {https://mercor-rho.vercel.app/}
- **React Quiz Game**: It allows users to answer multiple-choice questions and provides instant feedback on their responses. The project utilizes React's component-based architecture and state management capabilities to create an interactive and dynamic quiz experience. {https:/merchify-assess.vercel.app}
- **KMDB:** Created a node.js-based website called KMDB. It uses the TMDB API to display movie search results, including information such as date published and rating utilizing popular libraries such as express.js and Mongo DB database demonstrating my ability to work with the latest technologies in web development. {https://kmdb-cx58.onrender.com/}
